ICSNC 2019, The Fourteenth International Conference on Systems and Networks Communications

<https://www.iaria.org/conferences2019/ICSNC19.html>

November 24, 2019 to November 28, 2019 - Valencia, Spain

Internet of Things (IoT) technologies have attracted great attention in recent years. They are active subjects of many conferences and research communities, ranging from theory to applications. The aim of this special track is to provide a platform for international researchers and practitioners to present and share their recent works addressing the new challenges, research issues and novel solutions of IoT technologies.

Topics include, but not limited to:

- IoT system architectures and infrastructures
- IoT sensor technologies and networks
- IoT enabling technologies
- IoT networking and communication protocols
- IoT future Internet design
- IoT services and applications
- IoT experiments, trials, and case studies
- IoT platforms and standardization
