Special and Regular Contributions

Despite the ups/downs of the virus, early submissions were more enthusiastic as everyone was hoping that the fall season will find us safe, but also virus-free. We wish this were the case and everyone could have attended in person and enjoyed the event.

For DataSys 2020 Congress, out of 100 contributions submitted in the middle of pandemic, 35 were accepted (some, with a few rounds of cross-validations), yet only 25 registered; the decreased number was due to travel bans, corporate/university regulations, precaution, as well as of overwhelming online teaching duties.

Hope dies last! Hoping for better with ***DataSys 2021***, May 16-20, Spain.

Be Safe and Stay Healthy!
