2020

SENSORCOMM, SENSORDEVICES, SECURWARE, AFIN, CENICS, ICQNM, FASSI, GREEN

WELCOME

Enjoy permanent free access to the .pdf presentations and/or pre-recorded videos along with their corresponding papers.

THANKS

Tough times ask for tough scientists and here you are. Authors, Chairs, Reviewers, Logistics acted exemplarily for putting together an exceptional program.

KEYNOTES, TUTORIALS, PANELS, SPECIAL TRACKS

- **4 KEYNOTE PRESENTATIONS**

- Prof. Dr. Arkady Zhukov
- Lect. Dr. Laura Dogariu
- Prof. Dr. Janez Trontelj ml
- Prof. Dr. Hans-Joachim Hof

- **4 TUTORIALS**

- Prof. Dr. Manuela Vieira
- Dr. Lorena Parra Boronat
- Prof. Dr. Anne-Lena Kampen
- Dr. José Miguel Jiménez

- **3 PANELS ON INTERESTING TOPICS WITH WELL-KNOWN SCIENTISTS**

- **Security and Cyber systems – Steffen Fries, Dr. Rainer Falk (Chairs)**
- **Sensor-based Systems and Services – Dr. Pedro Vicente Mauri Ablanque (Chair)**
- **Miniaturization – Dr. Petre Dini (Chair)**

- **1 SPECIAL TRACK**

- **CIT-NTC: Critical Infrastructure Protection – Novel Concepts and Technologies**
Chairs:
Stefan Schauer, Scientist, PhD
Martin Latzenhofer, Scientist, PhD Candidate

Special and Regular Contributions

Despite the ups/downs of the virus, early submissions were more enthusiastic as everyone was hoping that the fall season will find us safe, but also virus-free. We wish this were the case and everyone could have attended in person and enjoyed the event.

It is important to say that the help and contributions of all active members, chairs, keynote speakers, tutorial speakers, chairs of special tracks, authors and members of the respective program committees were outstanding. The result is illustrated by a very rich and instructive program.

We hope you will enjoy it.

Hope dies last! Hoping for better with ***NetWare 2021***, November 14-18, Athens, Greece.

Be Safe and Stay Healthy!
