eKNOW 2020, The Twelfth International Conference on Information, Process, and Knowledge Management

<https://www.iaria.org/conferences2020/eKNOW20.html>

November 21 - 25, 2020 - Valencia, Spain

In an economy where the only certainty is uncertainty, one sure source of lasting competitive advantage is knowledge. Success in an increasingly competitive marketplace depends critically on the quality and effective management of knowledge which organizations apply to their key business processes.

Acknowledging the importance of knowledge management and the complexity of its nature, it will be very advantageous to try to comprehend the upcoming trends & technologies concerning knowledge and knowledge management in the light of new domains and services.

The main goal of this track is to explore the connection between Internet of Things (IoT) and Business Process Models (BPM) and to show connections, impacts, and solutions possibilities.

Topics include, but not limited to:

- Knowledge Blockchains
- Business Data Communication and Networking
- Data Warehousing and Mining
- E-Collaboration
- Knowledge Management Tools
- Management of accounting and financial information with Blockchain
- New business models derived from Blockchain deployment
- Knowledge Management in Education - Transforming Learning
