

FAREWELL and BE HEALTHY!  
May 30 – June 03, Valencia, Spain

InfoSys  
2021

ICNS, ICAS, ENERGY, WEB, WEB, DBKDA, SIGNAL, BIOTECHNO

THANK YOU FOR YOUR CONTRIBUTIONS AND ATTENDANCE

- The program ran without issues and raised few challenging decisions for everybody's safety.
  - Special thanks to the Valencia Organizing Committee for on site arrangements.
  - Hoping that 2022 will bring back the joy of face-to-face scientific meetings.
- Enjoy indefinite free access to the .pdf presentations (on [www.iaria.org](http://www.iaria.org)) and/or pre-recorded videos along with their corresponding papers (at [www.thinkmind.org](http://www.thinkmind.org)).

# SPECIAL THANKS for supporting PERMANENT FREE ACCESS

A special thank you note to ALL contributors

IARIA proceedings and journals are free-access with no subscription and no-publication-fees for journal contributions (see ThinkMind Digital Library [www.thinkmind.org](http://www.thinkmind.org) and [www.iariajournals.org](http://www.iariajournals.org))

The only operational support comes from registration fees.

This generous and ethically fair knowledge sharing model cannot survive a pandemic without true believers in free access to knowledge and information, which is IARIA's philosophy.

Thank you to all outstanding scientists contributing to InfoSys 2021 program.

For 2021, all events will be held in a hybrid mode with 5 options: on site or virtual choices (live, prerecorded videos, voiced presentation slides, and .pdf slides).

We hope for better times allowing us to return to the traditional on-site scientific events. However, we are ready to adapt to any unexpected circumstances.

Hoping that 2022 will be a more agreeable year!

# STAY SAFE and LET US HOPE FOR A BETTER 2022

Hoping for better with InfoSys 2022.

Be Safe and Stay Healthy!
