

Bob Griffin

Profile

Robert Griffin is the General Manager for the Safer Planet division which includes the i2, Threat Counter Fraud and Smarter Cities portfolios.

Mr. Griffin has been a key player and successful serial entrepreneur in the Software and Services industry for more than 35 years. In October of 2011 he facilitated the sale of his company, i2, to IBM. Mr. Griffin joined i2 as the CEO following its merger with his company, Knowledge Computing Corporation (KCC). In his current role Mr. Griffin has global leadership responsibility for solutions that address the intelligence, law enforcement and city operations communities and for the development and deployment of cross industry Counter Fraud and Financial Crimes solutions.

Mr. Griffin conducted his undergraduate studies in Business Management at Franklin Pierce College in New Hampshire. He is a distinguished alumnus of the Naval Post Graduate School's Center for Homeland Defense and Security's Executive Leadership Program in Monterey, California, a Professor of Practice at Hawaiian Pacific University, where he has his own Center for Network Sciences; the Founder of the Network Science Research Center and the Center for Resiliency and Sustainability at IBM in partnership with MIT, a Distinguished Lecturer at the Johns Hopkins School of Education, a Distinguished Lecturer at the University of Arizona's Eller School of Business, has addressed the World Economic Forum on the use of technology in disaster recovery and is a graduate of the NASDAQ Mindshare Entrepreneur program in Washington DC.

Mr. Griffin is a member of the Board of Directors for the Intelligence and National Security Alliance (INSA), a member of the Board of Directors for the National Cyber Forensics and Training Alliance (NCFTA), a member of the Board of Advisors to the Asian Pacific Institute for Resiliency and Sustainability (AIRS), The Board of Advisors to the Adjutant General for the State of Hawaii, on the National Advisory Board for InfraGard (a public-private non-profit between US Businesses and the FBI), a member of the White House taskforce on the Trafficking of Minors on the Internet and has twice been the recipient in the UK of the Queen's award for Enterprise Innovation. He was the 2001 Ernst & Young Entrepreneur of the Year for Greater Washington DC and holds several U.S. patents focused on Law Enforcement and Intelligence.
