The Eleventh International Conference on Networks ICN 2012

February 29 - March 5, 2012 - Saint Gilles, Reunion Island

<http://www.aria.org/conferences2012/ICN12.html>

Important deadlines:

Submission (full paper)	October 5, 2011
Notification	November 23, 2011
Registration	December 7, 2011
Camera ready	December 7, 2011

Tracks:

1. Communication theory
2. Communications switching and routing
3. Communications modeling
4. Communications security
5. Computer communications
6. Distributed communications
7. Signal processing in communications
8. Multimedia and multicast communications
9. Wireless communications (satellite, WLL, 4G, Ad Hoc, sensor networks)
10. Next generation networks [NGN] principles
11. Storage area networks [SAN]
12. Access and home networks
13. High-speed networks
14. Optical networks
15. Peer-to-peer and overlay networking
16. Mobile networking and systems
17. MPLS-VPN, IPSec-VPN networks
18. GRID networks
19. Broadband networks
20. Quality of service, service level agreement [QoS/SLA]
21. Reliability, availability, serviceability [RAS]
22. Traffic engineering, metering, monitoring
23. Voice over IP services
24. Performance evaluation, tools, simulation
25. Network, control and service architectures
26. Network signaling, pricing and billing
27. Network middleware
28. Telecommunication networks architectures
29. On-demand networks, utility computing architectures
30. Applications and case studies
31. NGN protocol design and evaluation
32. NGN Standard Activities [ITU, TMF, 3GPP, IETF, etc.]
33. NGN Device Instrumentation
34. Network Management, scheduling and policy
35. NGN policy-based control
36. Networks policy-based management
37. Management of autonomic networks and systems
38. Vehicular Networks
