The Second International Workshop on Computer Vision and Computer Graphics

VisGra 2013

January 27 - February 1, 2013 - Seville, Spain

<http://www.aria.org/conferences2013/VisGra.html>

Important deadlines:

Submission (full paper)	September 2, 2012
Notification	October 20, 2012
Registration	November 4, 2012
Camera ready	November 4, 2012

Topics:

- Fundamental algorithms for computer graphics and computer vision
- Model representation and simplification
- Parametric curves and surfaces
- Illumination techniques
- Colors and color systems
- Virtual and augmented reality, haptic systems
- Human-computer interaction
- Real time rendering
- Image processing, image reconstruction
- Pattern recognition
- 3D scene reconstruction
- Segmentation
- Motion detection
- Scientific and technical visualization
- Medical imaging
- Information visualization
- 3D TV
- Mobile graphics and vision system
- Industrial application of computer graphics and vision
