## The Sixth International Conference on Advances in Signal, Image and Video Processing

- From Sensing to Applications -

**SIGNAL 2021**

**May 30 - June 3, 2021 - Valencia, Spain**

<http://www.aria.org/conferences2021/SIGNAL21.html>

### Important deadlines:

Submission (full paper)	March 23, 2021
Notification	April 12, 2021
Registration	April 26, 2021
Camera ready	May 1, 2021

### Tracks:

- Architectures and frameworks
- Signal processing theory and methods
- High speed signal processing: integrating 5G and IoT with satellite networks
- Agricultural signal applications
- Signal/image metrics
- Features and models for images/signals
- Image/signal computation and services
- Special signal, image and video processing applications/domains
- Hands-free speech communication and microphone arrays
- Wearable sensor signal processing
