**The Eighth International Conference on Advances in Signal,  
Image and Video Processing**

- From Sensing to Applications -

**SIGNAL 2023**

**March 13 - 17, 2023 - Barcelona, Spain**

<http://www.aria.org/conferences2023/SIGNAL23.html>

**Important deadlines:**

Submission deadline	December 1, 2022
Notification	January 20, 2023
Registration	February 3, 2023
Camera ready	February 13, 2023

**Tracks:**

- Architectures and frameworks
- Signal processing theory and methods
- High speed signal processing: integrating 5G and IoT with satellite networks
- Agricultural signal applications
- Signal/image metrics
- Features and models for images/signals
- Image/signal computation and services
- Special signal, image and video processing applications/domains
- Hands-free speech communication and microphone arrays
- Wearable sensor signal processing
