

Call for Contributions

1. Inform the Chair: with the title of your contribution

2. Submission URL:

<https://www.iariasubmit.org/conferences/submit/newcontribution.php?event=CONTENT+2024+Special>

Please select Track Preference as **PAVFM**

3. Note: *For 2024, all events will be held in a hybrid mode: on site or virtual choices (live, prerecorded videos, voiced presentation slides, and .pdf slides). We hope for better times allowing us to return to the traditional on site scientific events. However, we are ready to adapt any which way the conditions dictate.*

Special track

PAVFM: Practical Applications of Visual Foundation Models

Chair

Yurij Mikhalevich, Lightning AI, UAE

along with

CONTENT 2024: The Sixteenth International Conference on Creative Content Technologies

<https://www.iaria.org/conferences2024/CONTENT24.html>

April 14 - 18, 2024 - Venice, Italy

PAVFM serves as an optimal platform to showcase and deliberate on groundbreaking developments in the realm of VFMs, spanning industries such as healthcare, security, and beyond. This track provides a perfect platform for sharing insights, innovations, and cutting-edge research in the practical applications of VFMs.

We encourage the submission of both long and short papers, as well as idea papers, and welcome demos and posters that highlight the current solutions emerging from academia or collaborative ventures with industry. Join us in unraveling the immense potential of Visual Foundation Models and shaping the future of practical applications in the visual realm.

Suitable research topics for this special track include, but are not limited to, the following areas:

- Healthcare Innovations
- Autonomous Systems and Robotics
- Creative Industries Transformation
- Human-AI Collaboration
- Security and Surveillance
- Financial Insights and Analytics
- Industrial Applications
- Content-Based Image Retrieval (CBIR) Systems
