

International Academy, Research, and Industry Association

Best Paper Award

Decision Modeling for Unmanned Swarm Suppression of Enemy Air
Defenses Based on Deep Reinforcement Learning

By

Xiao Hu, Yonglin Lei, Fusong Luo, Hongfei Shi, Jiajun Zhu

Presented during SIMUL 2025, The Seventeenth International Conference on Advances in System Modeling and
Simulation, held in Lisbon, Portugal during September 28 - October 2, 2025

IARIA Board
