```
-----
Version 0.2 of the iaria class
Christoph P. Neumann
-----

This LaTeX provides a simple environment for
technical reports as scholarly publication.

NEU = Neumann
TR = Technical Report

As this class is created mainly for ourselves it does not
contain evil low-level TeX magic but instead uses many other
fancy LaTeX packages that we hope you have already installed.

This work may be distributed and/or modified under the
conditions of the LaTeX Project Public License, either version 1.3c
of this license or (at your option) any later version.
The latest version of this license is in
